

# Custom Designed & Manufactured Manifold Solutions

AUSTRALIAN OWNED AND OPERATED

WHEN IT'S OILPATH, IT WORKS!

# Genuine Oilpath Difference

- Design your hydraulic circuit to suit the application
- Manufacture manifold blocks using in-house CNC expertise
- Supply High quality Hydraulic Cartridges (HydraForce) and ancillary components
- Experienced Engineers will Assemble and Function Test a working Prototype and production units
- Provide expert analysis of system performance
- Provide on-going Design, Manufacture, Assembly and Testing support through the life of the project

---

*When it's Oilpath it works!*

## **Oilpath Manifold Design Philosophy**

At Oilpath we believe that better performance comes from working together, and our engineers and field representatives will work with you to design your hydraulic control system. We understand that optimising the performance of your machine starts with creative hydraulic integrated circuits, and when you work with Oilpath you can select from our HydraForce Partners broad product range which is the most comprehensive in the industry.

Our design staff will collaborate with you and verify your design prior to manufacturing a prototype. Then we'll make any necessary refinements and engineer your product to meet your exact specifications. With proprietary innovations like HydraForce's i-Design manifold tool, designing your hydraulic control schematic is easier than ever. The result is a performance and configuration optimized hydraulic solution that is designed exclusively for you.

# Oilpath Manifold Design & Manufacturing

## Standard Manifold Packages

- Quick Hitch Valve Package (also Hitch & Tilt)
- Relief Valves Package
- Cross Line Relief Packages
- Priority Flow Control Packages
- Counterbalance Valve Packages
- Double Sequence Valve
- Lock Valve Packages etc.

*See complete list on [www.oilpathhydraulics.com.au](http://www.oilpathhydraulics.com.au)*

## Custom Manifolds

**Over 100 new Manifolds developed annually; equivalent to providing our customers new Hydraulic solutions every 3 days!**

## Oilpath Hydraulics

Oilpath Hydraulics remains the only Designer and Manufacturer of Hydraulic Directional Control Valves in Australia, utilising its experienced long serving team to supply hand honed and fitted spool valves to the highest Quality standards.

Oilpath also designs and manufactures integrated Hydraulic Control Manifolds utilising HydraForce Cartridge valves, and custom designs and manufactures special control equipment to customer requirements.

The Oilpath name is synonymous with directional control valves in the Agricultural Industry. Over the last 20 years Oilpath have also been developing the same excellent reputation for the design and manufacture of hydraulic control manifolds not only for agriculture but for a broad range of other end use applications throughout Australia.

### Contact Us

Contact Oilpath or visit our Website for further information on the OP Control Valve range, or your Hydraulic Manifold requirements.
